**Students:**

Our 40th anniversary logo is a vibrant reimagining of our school's iconic oakburst. The enduring green has been joined by a spirited plum, teal, chartreuse, and orange... creating a vibrant palette that celebrates the diversity and creativity of our close-knit community. Reminiscent of a firework, our logo is the perfect tribute to 40 ambitious years of learning, growth, and dreams. You'll notice the acorn at the center. It symbolizes the potential of every child, of every child who steps through the red gates. And it should be a constant reminder for us to think big and start small. Here's to the next 40 years! [Cheers] Yay!
